## IMMUNIZATION REQUIREMENTS

408-D (Rev.1/2020)

Pennsylvania and Allegheny County Health department (ACHD) Immunization Requirements per 28 PA Code Chapter 23, Subchapter C, require that all children show proof of immunization **before** they may attend any public, private, charter or home school in the Commonwealth. **Your child will not be permitted to attend school until you have submitted documentation of the required properly spaced immunizations and they have been received and approved by the Certified School Nurse.**

**4 doses of tetanus, diphtheria and acellular pertussis**

(1 dose on or after the 4th birthday); 3 doses, if series **started after** 7 years of age

- Usually given as DTP or DTaP or DT or TD - **NOT** Tdap.

**4 doses of polio**

(4<sup>th</sup> dose on or after 4th birthday), or 3 doses if 3rd dose **started on or after** the 4<sup>th</sup> birthday with proper spacing.

**2 doses of measles, mumps, rubella (usually given as MMR)**

- First dose given on or after the first birthday

**3 doses of hepatitis B (properly spaced)**

**2 doses of varicella (chickenpox) vaccine**

- First dose given on or after the first birthday
- or written statement from parent or health care professional indicating month/year of disease
- or proof of immunity by blood test - giving specific titer

**Kindergarten:** Lead testing

**Students who are in Grades 7-11** are required to have the following vaccines in addition to the above vaccines:

**1 dose** of tetanus/diphtheria/pertussis (**Tdap**) (**required on or after 10<sup>th</sup> birthday**)

**1 dose** of meningococcal conjugate (MCV4 #1)

Students who are entering **Grade 12** are required to have the following vaccine in addition to the above vaccines:

**2<sup>nd</sup> dose** of meningococcal conjugate (MCV4 #2)

### **EXEMPTIONS**

**MEDICAL Exemption:** If the physical condition of your child is such that immunization/s would endanger life or health, a medical exemption must be submitted. Only licensed medical doctors and doctor of osteopathy and designated Health Department personnel may waive immunization requirements. ***Chiropractors' certification for medical exemptions are not acceptable by law.*** If a medical exemption is for a specific antigen(s) this should be indicated in the statement of exemption. All other immunizations will still be required. These statements of exemption must be written by the appropriate medical personnel and submitted to the Certified School Nurse **prior to your child entering school.**

**RELIGIOUS Exemption:** This includes a religious belief. The Certified School Nurse must be notified by the parent in writing of the reasons for this exemption **prior to your child entering school.**

**If a child is exempt from immunizations and a vaccine preventable disease outbreak occurs, he/she may be excluded from school per the direction from Allegheny County Health Department.**

## **IMMUNIZATIONS**

Allegheny County Health Department immunization clinic offers routine recommended vaccines for children up to the age of 18. Immunizations are FREE of charge for those who qualify. Certain insurances are also accepted at the Allegheny County Health immunization clinic.

Children can receive free vaccines at the Allegheny County Health Department clinic if:

- They are on Medicaid
- They have NO health insurance
- Their health insurance does not cover the cost of vaccines
- They are American Indian or Alaskan native

***Immunizations are available without an Appointment. Please call the clinic for open dates & times***
