

SETON LASALLE

CATHOLIC HIGH SCHOOL

CLASSICAL CATHOLIC CURRICULUM TRACK

Seton LaSalle's college preparatory curriculum is designed to prepare all students to continue their education in any college or university that they choose to attend. We believe that through an authentically Catholic education, the insights of our Catholic faith bring light to every subject and provide a solid foundation for personal formation. We are committed to a curriculum that values truth and reason. More importantly, our curriculum places a unique emphasis on the intellectual skills and habits that prepare a student for life-long learning, producing a graduate who has not only acquired foundational knowledge in every major discipline but also is on a successful path forward in becoming the best version of him/herself.
