## **Authorization for Medication**

For safety reasons, the administration of student medicines, either prescription or non-prescription, during school hours is strongly discouraged.

If a physician deems it necessary for your child to take medications, either prescription or nonprescription during the school day, the **AUTHORIZATION FOR MEDICATION FORM** (reverse side) must be completed by **both** a parent/guardian and physician and returned to your child's health office prior to any medication being administered.

The following summarizes the procedure:

- Physician orders MUST be dated July 1st or after for the upcoming school year
- Prescription medication must be in the current and appropriate labeled pharmacy container.
- Over the counter medication must be in the original, unopened container and the type of over the counter medication must match the physician's orders.
- A new form completed by <u>both</u> the physician and parent is required for each medication, medication change, dose change and for each new school year.
- It is the responsibility of your child to report to the health office for his/her medication.
- Emergency medications (Epinephrine Auto injector and/or Rescue inhaler and/or Diabetic Supplies) may be carried by students after completion of:

Authorization for Medication Form Self Carry Form

Please remember that your child may not receive his/her medication if these procedures are not followed.

Please feel free to contact your child's school certified nurse if you have any questions or concerns regarding this matter.

Thank you for your cooperation. Health Service Department
