

Summer Assignments 2026

CS Lit 12

Read the following books. Links are provided to online versions. Feel free to purchase your own copies so that you can annotate them. We have copies of *Animal Farm* that you can sign out of school and return when school resumes.

Be prepared for in-class graded discussions on both works, beginning the first week of school.

Also, complete the assignments below for each book. They should be ready to be submitted by the first day of class.

[The Screwtape Letters](#) by C.S. Lewis

Either complete the [Screwtape Letters Study Guide](#) with brief answers to each of the questions (there are several questions for each letter) OR write a four-paragraph essay in which you describe the two letters that impacted you the most.

If you choose the essay, you may use first person. You must have specific references to the text (cite by page number or letter number) to support why/how each letter is most meaningful/impactful to you. Include an intro with a thesis statement, two body paragraphs (one for each letter that you choose), and a concluding paragraph. 450 word minimum.

[Animal Farm](#) by George Orwell

Complete one paragraph, as per the directions on [this page](#). 250 word minimum.
